

Osteo Absorb

Bone Health Support*
OsteoSure Support Formula*

Therapeutic Solutions

Osteo Absorb is an all-natural strontium citrate supplement that is clinically proven to increase bone mineral density when combined with the plant calcium, minerals and bone supporting nutrients found in our advanced bone building formula, OsteoSure VG.* Strontium, a trace mineral found in seawater and soil, is a mineral with similar properties to calcium. Research has shown that strontium may play a role in the formation of osteoblasts, new bone forming cells, while at the same time slowing the breakdown of old bone by inhibiting osteoclasts.*

We have included in this formula the latest in advanced absorption technology, a proprietary blend of AstraGin™ and BioPerine® for maximum effectiveness.*

Three Capsules Contain:

Strontium (as strontium citrate).....	680 mg
AstraGin™ Absorption Enhancer	25 mg
(notoginseng root extract and astragalus root extract)	
BioPerine®	2.5 mg
(from <i>Piper nigrum</i> /black pepper extract)	

Other Ingredients: HPMC (vegetable capsule), ascorbyl palmitate, MCC (microcrystalline cellulose), rice flour, silica.

Free of: Milk, eggs, fish, shellfish, tree nuts, peanuts, wheat, soy.

BioPerine® is a registered trademark of Sabinsa Corporation.

AstraGin™ is a registered trademark of NuLiv Science.

Directions: Take three capsules in the evening on an empty stomach or as directed by your healthcare practitioner.
