

Cholesterol Optiplex

Red Yeast Rice & CoQ10
Lipid Support*

Therapeutic Solutions

Cholesterol Optiplex is a comprehensive formula designed to support healthy blood lipid levels and liver function.* It contains nutrients to enhance fat metabolism, including choline, methionine and taurine.* Additionally, dandelion is included to support bile flow and healthy liver function.* NAC is a precursor for the synthesis of glutathione and is used by the liver to detoxify harmful chemicals and other toxins.* NAC may also have a beneficial effect on lipoprotein(a) levels.* Inositol hexaniacinate, a sustained release form of niacin, and guggul extract are included to support healthy blood lipid levels, including triglycerides.* Several studies on policosanol indicate it may also be beneficial for helping maintain healthy blood lipid levels.*
