Other Ingredients: Cocoa powder, natural flavors, certified organic stevia leaf extract powder, vegetable cellulose, sodium chloride

Contains milk.

Manufactured for: Optimum Therapeutic Solutions

6420 N. MacArthur Blvd., Suite 100, Irving, TX 75039 www.optimumhormonebalance.com Report any adverse reactions to: 972-893-6068

STORE AT ROOM TEMPERATURE.

Recommended Use: As a dietary supplement, mix 30 grams (approx. one scoop) in eight ounces of water or any other beverage per day, or as directed by your health care practitioner.

WheyBest is made with a proprietary native whey protein concentrate from grass fed dairy cows. This is done so in a way that maintains a full range of the fragile immune-boosting and regenerative components naturally present in fresh raw milk. It is produced using proprietary filtration and drying which involves minimal processing. This unique production method ensures that the whey is not subjected to temperatures that would destroy key health-promoting compounds. This superior protein comes from herds that graze year-round on disease-free, pesticide-free, chemical-free, natural grass pastures. Milk from grass-fed cows has many times higher levels of CLA and contains a proper balance of essential fatty acids. The milking cows are never fed grain or subjected to any growth hormone treatment, chemicals, antibiotics, genetically modified organisms, hyper-immunization or injected pathogens. The result is the highest quality protein formulation available
