Therapeutic Solutions

Bone Broth Protein

with Collagen and Peptides

Unflavored and Unsweetened

PPPUNF-PL-1

Dietary Supplement

For Professional Use Only

NET WT. 810 G (1.8 LBS)

Supplement Facts

Serving Size 27 grams (approx. one scoop)

Servings Per Container 30

Amount Per Serving	% Daily Value	
Calories	110	
Total Fat	0.5 g	1%*
Cholesterol	less than 5 mg	<2%*
Protein (from HydroBEEF™)	26 g	52%
Sodium (from natural sources)	175 mg	8%

*Percent Daily Values are based on a 2,000 calorie diet.

Recommended Use: As a dietary supplement, mix 27 grams (approx. one scoop) in eight ounces of water or any other beverage per day, or as directed by your health care practitioner. Use a blender or shaker bottle, and shake or mix well. For best blending results, liquid should be at room temperature.

Bone Broth Protein contains HydroBEEF™, a highly concentrated, pure bone broth protein isolate, produced through an exclusive hydrolysis and ultra filtration process. This proprietary process begins with beef from animals raised in Sweden without hormones, whose diets are free of any GMO grains, grasses, hay, and ensilage. The process allows the protein to be hydrolyzed into a higher concentration of functional peptides.

- pure protein – over 97% protein
- proprietary process yields more peptides for easier assimilation
- high protein nitrogen score of 101.5
- no allergens
- tested free of hormones and antibiotics

HydroBEEF™ is purified beef protein containing both complete and collagen proteins that are naturally found in beef. Delivering these proteins as peptides allows for better absorption and assimilation. It's the ultimate protein supplement for those on a Paleo diet or anyone who wants the unique protein profile that comes only from beef.

Bone Broth Protein is the perfect protein for those who:

- want a true Paleo protein source
- want the power of beef to build muscle, cartilage & ligaments†
- are dairy sensitive
